UNIVERSA III

for caravans:

The **Universa III** is universally suitable for virtually all vehicle wing mirrors with adjustable mirror glass.

The caravan towing mirror is mounted with two screws **without tools**.

- ▶ Very robust basic automotive body made of high-performance plastic
- ▶ Stainless steel clamping screws with knurled handle, which run in brass nuts
- ▶ 2 swivelling (non-slip) clamps coated with special rubber
- ▶ 2 mm strong, non-corrosive spring stainless steel sheet as a counter bearing, also coated with a special rubber
- ▶ Aerodynamic mirror head with curved mirror glass, which can be adjusted in all directions
- ▶ Individual parts available as spare parts

The UNIVERSA III caravan towing mirror is provided in a complete set with right and left brackets, 2 mirrors as well as the N and NT pressure pads for vehicles with housing groove incl. mounting instructions.

ECE-type approved
(EMUK patent is registered)
