## EMUK

EMUK is the leading manufacturer of vehicle-specific caravan mirrors in Europe with headquarters in Lahr, Baden-Württemberg. Founded over 35 years ago as a supplier to the automotive and mechanical sectors, the EMUK brand has, since 2009, primarily stood for individual special caravan mirrors for more than 300 car models, universal caravan mirrors and the new EMUK Air-Lift. The „Made in Germany“ brand products are available at specialized wholesalers and selected online dealers in Germany, Austria, Switzerland and other European countries. This overview presents the current range of products for motorhome drivers, caravan users and campers.

## SPECIAL MIRROR

A mount developed specifically for your vehicle, made of vibration-dampening cast aluminium, provides a perfect, precise fit with virtually no vibration. Mirror size: 180 x 120 mm, Convex wide-angle: Radius 2000 mm.

- ▶ Attractive design, safe and reliable
- ▶ Very clear, vibration-free mirror image
- ▶ Aerodynamic mirror head with large field of view
- ▶ Can be installed in seconds **without tools** using wing bolt
- ▶ Adjustable from driver's seat and passenger seat
- ▶ Sponge rubber coating on fittings protects against damage and scratches

All parts made from corrosion-resistant materials. The bracket is made from powder-coated aluminium.

EMUK supplies special mirrors for over 300 different vehicle types.

ECE-type-tested

Quick-fix, simple installation

3-point bracket

Exclusively in your vehicle colour

## SPECIAL MIRROR

### Special mirror with XL mirror head

For an even bigger field of view and wide angle, EMUK offers the XL mirror head. An additional 5 cm projection is possible without extension rod thanks to side mounting.

- ▶ Mirror size: 200 x 140 mm
- ▶ Convex wide angle: Radius 450 mm
- ▶ incl. light reflector

### Special mirror in the colour of your vehicle

For a particularly eye-catching look, you can order your special mirror in your vehicle colour (with colour code).

### Special mirror with anti-theft system

The anti-theft system prevents the special mirror from being removed from the vehicle. Loosening the star grip is only possible with the security key. Ideal for short stops at service stations or parking lots.

ECE-type-tested

**30% LARGER FIELD OF VIEW**  
Extra large wide angle

XL-mirror head

Attractive design & customized

Anti-theft system kit (optional)

# UNIVERSA III PRO

**UNIVERSA III PRO**  
for towing caravans:

The **Universa III PRO** is suitable for just about any car wing mirror with adjustable mirror glass.

The caravan towing mirror is mounted with two screws. **No tools required.**

- ▶ Highly robust cover made of heavy-duty plastic
- ▶ Stainless steel clamping screws with knurled-edge grip, stainless steel nuts
- ▶ 2 special rubber-coated non-slip swivelling clamps
- ▶ 2 mm thick, non-corroding spring stainless steel sheet for counter bearing, also coated in special rubber
- ▶ Aerodynamic mirror head with curved safety mirror glass, adjustable in all directions
- ▶ Individual components available for spare parts

The **UNIVERSA III PRO** caravan towing mirror is supplied in a complete set with right and left brackets, two mirror heads and N and NT pressure pads for vehicles with housing grooves, mounting instructions included.

ECE type certified

(Order No. 100991)

Suitable for just about any car model

No straps

Quick fixing, easy mounting

# UNIVERSA III PRO XL

**UNIVERSA III PRO XL**  
For caravan towing:

The **UNIVERSA III PRO XL** is suitable for just about any car wing mirror with adjustable mirror glass.  
Mirror size: 200 x 140 mm, convex wide-angle: 450 mm radius

The caravan towing mirror is mounted with two screws. **No tools required.**

- ▶ Highly robust cover made of heavy-duty plastic
- ▶ Stainless steel clamping screws with knurled-edge grip, brass nuts
- ▶ 2 special rubber-coated non-slip swivelling clamps
- ▶ 2 mm thick, non-corroding spring stainless steel sheet for counter bearing, also coated in special rubber
- ▶ Mirror head with extra-large field of vision, wide angle and standard reflector. Laterally connected mount enabling 5 cm longer outreach
- ▶ Individual components available as spare parts

The **UNIVERSA III PRO XL** caravan towing mirror is supplied in a complete set with right and left brackets, two mirror heads and N and NT pressure pads for vehicles with housing grooves, mounting instructions included.

ECE type certified

(Order No. 100995)

**30% MORE VIEW**  
than ordinary mirrors, reflector included

5 cm longer outreach

with standard reflector

Easy mounting

# UNIVERSA III LIGHT

## UNIVERSA III LIGHT

For caravan towing:

The **UNIVERSA III LIGHT** is the EMUK entry level model.

Key advantages from proven characteristics of the well-established **UNIVERSA III**.

- ▶ Robust hybrid mount housing with threaded bushing and metal counter bearing
- ▶ Pressure plates made of coated stainless steel and tried-and-tested non-slip rubber-coated pressure pads for counter bearing
- ▶ Aesthetically designed, aerodynamic mirror head
- ▶ Practically vibration-free view
- ▶ Straight aluminium tube (sets mirror head in elevated position)
- ▶ Aluminium tube without powdered coating

The technical features that set this mirror apart come with a saving, with the only difference being in appearance.

ECE type certified

(Order No. 100994)

Straight aluminium tube

Raised mirror head position

Easy mounting

# EMUK TENT PEG COVER

## Ingenious aid for camping life!

The **EMUK tent peg cover** fits over ground anchoring to protect against dangerous tripping hazards. Tent pegs protruding out of the ground pose a danger to the feet and toes, especially in camping areas where people often walk around barefoot. However, even wheels and tyres can suffer damage from sharp tent pegs.

The **EMUK tent peg cover** provides full enclosure of ground anchoring, thus protecting against injury. The eye-catching signal colour of the cover helps ensure more prominent visibility for

## Technical data:

- ▶ Soft material
- ▶ UV resistant, waterproof
- ▶ Oil and acid resistant
- ▶ Signal colour, even at night
- ▶ 4-piece set

(Order No. 200040)

Handy shape

Easy handling

Signal colour, even at night

# EMUK AIR-LIFT

The **EMUK Air-Lift** is a heavy-duty, wear-resistant, compressed air lift pad resistant to petrol, oil and acid, which was specially developed for mobile homes and caravans. All unevenness and height differences of the surface can be levelled out continuously from 1.5 cm to 20 cm.

The **lifting capacity** of the **EMUK Air-Lift** is 11 tons and thus beats all previous optimum values compared to conventional wheel levellers.

The **handling** in this case is very easy and convenient. The pad is simply placed under the respective wheel to be lifted. Using a hand pump/foot pump or a 12V mini-compressor, the vehicle can be levelled within approx. 4 minutes in the tightest manoeuvring space.

The **production of the EMUK Air Lift** takes place in a “**Made in Germany**” manufacturing plant with the highest quality materials in the cleanest quality craftsmanship. Galvanised steel strips thereby stabilise the rubber pressure hull which is reinforced with highstrength aramid fibres. A particularly thick rubber skin (sandwich construction) gives the compressed air pad sufficient protection against the external effect of stones, boulders or shards. The corrugated profile provides a non-slip grip for the wheels which are to be lifted. The compressed air lift pad can also be used as a traction aid mat or jack in its deflated state.

Infinitely variable levelling within the tightest reversing space

11 t lifting capacity on all ground surfaces

Effortless, comfortable manual operation

Order No. 200030 Set of 2

Order No. 200031 Twin (Twin tires)

Order No. 200010 Single

Technical data:	
Dimensions:	48 x 43 x 2 cm
Weight:	3,6 kg
Lifting capacity:	11 t with 6 bar
Max. height:	20 cm
Min. height when deflated:	1,5 cm
Volume when deflated:	3,6 L
Inflating & deflating:	1 car valve
Pressure test approved:	48 h at 5 bar
Temperature range:	-20°C to +60°C

- Air Lift, **Order No. 200010**
- Air Lift, Set of 2, for caravan, **Order No. 200030**
- Air Lift, Twin, **Order No. 200031**, Dimensions: 70 x 46 x 2 cm
