

# SPECIAL MIRROR

**EMUK** .COM

Die sichere Verbindung.

For caravans:

A mounting developed for specific vehicles and made of vibration-reducing cast aluminium allows a perfect, precise fit with virtually no vibrations.

- ▶ Elegant, secure and reliable
- ▶ Very clear, vibration-free mirror image
- ▶ Aerodynamic mirror head with wide field of view
- ▶ Mounting in split seconds **without tools** by wing screws
- ▶ Can be adjusted from the driver's seat and front passenger's seat
- ▶ Protection against damage and scratches by foam rubber layer on bracket

**New:** **Optional** enhancement of the product with an anti-theft device is possible.

- ▶ The star grip can only be loosened with a security key.
- ▶ Also available as a retrofit kit

**New:** We manufacture all special mirror brackets in the colour of your car on request.

All parts are made of corrosion-resistant materials. The mounting consists of powder-coated aluminium.

EMUK provides special mirrors for more than 100 different vehicle types.
